

## Ladies/Mixed Indoor Field Hockey Newsletter–2009

Welcome Players, Parents and Supporters to the 2009 indoor season!

The indoor committee has worked hard to put together a season in which we hope you will learn much, have fun, and make new friends.

You will receive the team list and schedule with this newsletter. If not please email me at [doughigg@shaw.ca](mailto:doughigg@shaw.ca) . This season we are including all players in the umpiring and tech table duties. We are planning an umpiring clinic to get everyone started on the "right" foot, and our expectations are that all players will participate in this exercise, and also to learn the tech table duties. We welcome any parents and supporters to join us as well.

There are some housekeeping notes which we need to cover in order to make the season run smoothly for everyone.

1. PLEASE phone your team manager or captain when you are unable to make a game. It is important as you are part of the team.
2. The players on each team will decide who will be their team captain and team manager.
3. Team Manager Duties include laundering the shirts on a weekly basis and making sure there are enough players for the game to be played.
4. All teams will be responsible for umpiring and tech table duties. Please check the schedule to see which game your team is assigned to cover. Make sure you are at the gym in plenty of time to organize your duties and keep the games on time. It is important as hockey has to be finished with the boards and goals stored away by 3.45pm.
5. Shirts will be given to the team manager on Sunday.
6. Games consist of 30 min each half.

My thanks go to my committee for organizing the season. We hope you will enjoy playing indoor hockey with us in 2009!

Thanks Sharyn
